

ISE II - B2 - The World of Work - Themed Questions - Set 1

Read the questions below and write your answers.

Example Question: Why is it important to have good study methods?

Example Answer: Many students say that the best way to study is by taking notes that are well organized. If I were a student, I would use this method in order to be able to study well later and save time. Although, other students mention that it is important to have a good place to study, like a desk or at the library, so that you can concentrate. Furthermore, I have been seeing that if I use flashcards it helps me remember what I need to learn easier.
