Task: The Job of Growing Pumpkins

Activity 1: Listening

Welcome to a practice listening task for the GESE 4.

You are going to hear a talk about **somebody that grows vegetables and fruit and has animals**. You will hear the talk twice. As you listen, write down some notes about what you hear, if you want to. I will ask you six questions on some facts about **somebody that grows vegetables and fruit and has animals**. Are you ready?

Audio Script

Hi, my name is Sam. I get up early every morning, when the sun rises. It is best to work outside when the sun is out. I always take care of the animals first. You know, the horses, cows, chickens and pigs. After that, I take care of the crops, which are the different vegetables and fruit that I grow. I grow lettuce, onion, carrots, peppers, strawberries, oranges, apples, and more things. It is October now, so I started growing Pumpkins six months ago to use and sell for Halloween. I wouldn't want to do any other job in the world. I love my work!

Now I will ask you some questions. You only need to answer in a few words.

Now let's look at the questions again, but with the possible answers.

This is the end of the listening task.

Answers:

When does Sam get up?	Early every morning / when the sun rises
What does he do first?	Take care of the animals
What does he do second?	Take care of the crops / vegetables and fruit
Which month is it?	October
What did Sam start growing six months ago?	Pumpkins
What is Sam's job?	A farmer
