

Pets

Task 1: A Lot of Pets

Activity 1: Listening

Welcome to a practice listening for the GESE 2.

You are going to hear a talk about **a lot of pets**. You will hear the talk twice. As you listen, write down some notes about what you hear, if you want to. I will ask you six questions on some facts about **a lot of pets**. Are you ready?

Audio Script

My name is Karen. We have a lot of pets in my family. We have nine animals. There are three turtles, two birds, two fish, one cat and one dog. My favourite animals are the turtles. I love that they are the colour green. They stay in a tank, in my bedroom. My sister has the fish in her room and the birds are in the kitchen. The dog and the cat are in the living room a lot, but my dad takes the dog for a walk in the morning and afternoon. My family really loves pets!

Now I will ask you some questions. You only need to answer in a few words.

Now let's look at the questions again, but with the possible answers.

This is the end of the listening task.
